

Episode Questions

These are questions we ask many of our guests. We may ask all, some, or none of these. Questions specific to you and your specialty will be provided prior to your scheduled podcast episode.

Question	Details
What are some things that excite you in the industry or within your own clinic?	<p>This is an opportunity to share anything fun and exciting you've experienced in the industry or that is new within your clinic.</p> <p><i>Ex: Our clinic has just hired a new nurse injector. A new technology is being developed to treat under eye wrinkles, and the preliminary results are amazing.</i></p>
Share a MINT Minute.	<p>Share a favorite tip, product, tool, etc that you think our listeners could benefit from hearing.</p> <p><i>Ex: Kathy loves her Briotech Hypochlorous Acid spray.</i></p>
What are some upcoming projects you're working on?	<p>In whatever detail you feel comfortable with, share some insight into some things we can be looking for from you and/or your clinic.</p> <p><i>Ex: I am developing a talk on the results of layering Genius and Moxi treatment which I will give at the Sciton event in Kansas City.</i></p>
What is your area of expertise and how did you come to that focus?	<p>Share your specialty and the path you took to get there.</p>
In your opinion, what is your greatest accomplishment to date?	<p>This is an opportunity to brag on yourself. Don't be humble! Share what you are most proud of yourself for.</p>
